PROPOSAL NUMBER: F251-0004-0359

TOPIC NUMBER: AF251-0004

COMPANY: Groundbreaker Solutions LLC

SUBJECT: Department of the Air Force (DAF) SBIR Topic AF251-0004 Phase One Proposal Number F251-0004-0359 feedback.

All proposals were peer reviewed in accordance with the evaluation criteria stated in the solicitation. While the ratings in this feedback are consistent with the ratings the proposal received as a result of the peer review, it does not reflect specific comments provided during the peer review of this proposal. Instead, all feedback provided to applicants is general feedback that approximately corresponds to the rating for each evaluation criteria. This feedback does not represent a separate evaluation standard, nor does it represent a standard technical evaluation narrative. This document is not itself a selection decision document, nor are any selection decision documents derived from this document.

Criterion Technical Merit was rated Excellent. Feedback: This proposal showed excellent soundness, technical merit, and innovation of the proposed approach and its incremental progress toward the topic or subtopic solution.

Criterion Personnel was rated Good. Feedback: The qualifications of the principal/key investigators, supporting staff, and consultants were good. The qualifications indicated that the team could perform the research and development, and also demonstrated a good ability to commercialize the results.

Criterion Commercialization was rated Acceptable. Feedback: The potential for commercial (Government or private sector) application and the benefits expected to accrue from this commercialization are acceptable.

Your company's interest in AF SBIR/STTR Programs is greatly appreciated. For further SBIR/STTR Program opportunities, visit the Defense SBIR/STTR Innovation Portal at <https://www.dodsbirsttr.mil/submissions/login> to view DoD and Air Force SBIR/STTR solicitations.
